

Responsible Feed Policy

Cermaq Canada Ltd. is a salmon farming company on Vancouver Island, British Columbia. Operations consist of four land-based freshwater facilities (three hatcheries and a broodstock facility); 26 marine aquaculture facilities (including a broodstock facility); and one fish processing facility. Cermaq Canada's offices are located in Campbell River, Tofino and Richmond. Warehouses are located in Campbell River, Tofino and Port McNeill.

Cermaq Canada Ltd. is proud to produce high-quality Atlantic salmon (*Salmo salar*) for domestic and international seafood markets.

Our Policy

Cermaq Canada Ltd. is committed to using feed which comes from responsible and sustainable sources that have guidelines specifically promoting responsible environmental management of small pelagic fisheries. We support efforts by our feed suppliers to source fishmeal and fish oil from fisheries certified under a scheme that is an ISEAL member.

Our Commitments

- ✓ On our ASC-certified farms, and farms for which we are seeking certification, use feed containing only fishmeal which comes from responsible and sustainable sources.
- ✓ On our ASC-certified farms, and farms for which we are seeking certification, use feed containing only fishmeal and oil from fisheries which have guidelines that specifically promote responsible environmental management of small pelagic fisheries.
- ✓ Work with our feed suppliers to achieve these goals.

David Kiemele, Managing Director
